

## Freedom of Information - Publication Scheme

### INTRODUCTION

#### What is the Publication Scheme?

The Publication Scheme ("The Scheme") is a complete guide to the information routinely published by Kensington & Chelsea College, or which it is intended to publish. It is not a list of the actual publications, since this will change as new items are published but rather it is a description of the "classes" or types of information published. The classes of information are described in the scheme.

Adopting a publication scheme is a requirement of Section 19 of the Freedom of Information Act 2000. The purpose of the Act is to promote greater openness by public authorities (i.e. government and other public sector organisations, including Universities and Further Education Colleges).

The Kensington & Chelsea College scheme follows the Model Publication Scheme produced for Universities, further education colleges and sixth form colleges across England, Wales and Northern Ireland.

#### How you can obtain information covered by the Scheme?

Kensington & Chelsea College will make available items that belong to classes in the Publication Scheme. Any exceptions are noted in the descriptions of the different classes of information. These will generally be for reasons related to the Data Protection Act or commercial sensitivity.

Our preferred means of publication is in electronic format via the college's website [www.kcc.ac.uk](http://www.kcc.ac.uk)

#### How much do printed publications cost?

Printed information on courses and services offered by the college is available free of charge, as are packs issued to people responding to notices of job vacancies. If requested, we will produce publications in other formats; in these cases we will usually make a charge, amounting to the cost of producing the item in the format requested and sending it, with a minimum charge of £5. In certain circumstances the college may waive the charge.

If you are not able to obtain what you require from the website, then please indicate clearly what information you require, and address all applications for information to

## **What about information not covered by the publication scheme?**

From 1 January 2005 you will have the right, under the Freedom of Information Act 2000, to request any information (subject to certain exemptions) held by a public authority, including a college such as Kensington & Chelsea College, which they have not already made available through their publication scheme. Requests will have to be made in writing and in general public authorities will have 20 working days to respond. They may charge a fee, which will have to be calculated according to Fees Regulations. They will not be required to release information to which an exemption in the Act legitimately applies.

## **Feedback**

It is important that this publication scheme meets your needs. Any questions, comments or complaints about this scheme should be sent in writing to the Publication Scheme Co-ordinator below.
